

Dear all,

I could not pick up any immediate good news for reopening of WAC activities in the PM's speech. However from 8th March it seems 2 people can meet together outside and from 29th March, all being well, more outdoor mixing will be allowed between 2 families (up to 6 people in total). So, you may be able to organise slightly more contact for yourself. Further ahead more opening is envisaged with earliest dates at which they may occur. Very sorry not to be able to wave a magic wand. We will keep you in touch as opening in WAC is allowed.

In the meantime, it is down to each and every one of us to go on battling to stay healthy. Every little counts so if you are wondering whether to do something safe and good for yourself, please do. And also, please keep phoning others and anything else helpful you do.

Many have now had the first vaccination. If you haven't and want to know when you will be entitled to one, or fear you have been left out, there is more info on NHS websites. Put NHS Covid Vaccines into Google or another search engine.

On Thursday 25th Feb David Gwyther from the Governments census office is coming onto WAC's Happy Thursday chat zoom to tell us about the 10 year census which is coming up in March and to answer questions. Again everyone welcome. Led by Jean Leclerc. All free.
